Women in Literature

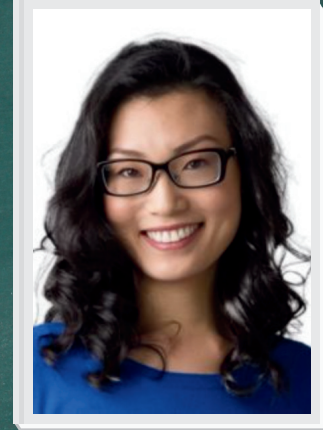

This month we celebrate Women in History! New Horizons Charter Academy shares in honoring all the indispensable roles of women in our society. In collective celebration with our read-a-thon, we would like to highlight two female influential writers: J.K. Rowling and Kelly Yang.

J.K. Rowling is a British author known for the infamous *Harry Potter* series. Rowling is now the Founder and President of Lumos, an organization that helps improve the lives of impoverished children. She is also the wealthiest author of all time.

Kelly Yang was originally born in Hong Kong, graduated school early and graduated from UC Berkeley and Harvard Law School by the age of 20. She is best known for her *Front Desk* series. Currently, she runs the Kelly Yang Project, which works on developing imperative writing skills from a young age.
